 RETURN THIS MEMO TO: JEF-2D68

SUBJECT: Decision on Terminal Disclaimer (T.D.) filed: 10-Aug-05

INSTRUCTIONS: I have reviewed the submitted T.D. with the results as set forth below. If you agree, please use the appropriate form paragraphs identified by this informal memo in your next Office action to notify applicant of the T.D. If you disagree or have any questions, please see me or the Special Program Examiner. THIS IS AN INFORMAL, INTERNAL MEMO ONLY. IT MUST NOT BE (1) MAILED TO APPLICANT OR (2) PLACED OF RECORD IN THE APPLICATION FILE. When your action is complete, please initial, date and return this memo to me. THANK YOU.

- ☐ The T.D. is PROPER and has been recorded (see ¶ 14.23).
- ☒ The T.D. is NOT PROPER and has not been accepted for the reason(s) checked below (see ¶ 14.24):
 - ☒ The TD fee of \$130.00 has not been submitted nor is there any authorization in the application file for the use of a deposit account (see ¶ 14.26.07).
 - ☐ The T.D. does not satisfy Rule 321 in that the person who has signed the T.D. has not stated the extent of his/her interest (and/or the extent of the interest of the business entity represented by the signature) in the application/patent (see ¶ ¶ 14.26 & 14.26.01).
 - ☐ The T.D. lacks the enforceable only during common ownership clause – needed to overcome a non-statutory double patenting rejection, Rule 321(b) (see ¶ 14.27.01).
 - ☐ The T.D. is directed to a particular claim(s), which is not acceptable since “the disclaimer must be for a terminal portion of the term of the entire patent to be granted” (MPEP 1490) (see ¶ ¶ 14.26 & 14.26.02).
 - ☐ The person who signed the T.D.:
 - ☐ is not an attorney “of record” (see ¶ ¶ 14.29 and 14.29.01).
 - ☐ has failed to state his/her capacity to sign for the business entity (see ¶ 14.28).
 - ☐ is not recognized as an officer of the assignee (see ¶ ¶ 14.29 & possible 14.29.02).
 - ☐ No documentary evidence of a chain of title from the original inventor(s) to assignee has been submitted, nor is the reel and frame number specified as to where such evidence is recorded in the Office (see 37 CFR 3.73(b) and 1140 O.G. 72). NOTE: This documentary evidence or the specifying of the reel and frame number may be found in the T.D. or in a separate paper of record in the application (see ¶ 14.30).
 - ☐ The T.D. is not signed (see ¶ ¶ 14.26 & 14.26.03).
 - ☐ The serial number of the application (or the number of the patent) which forms the basis for the double patenting rejection is missing or incorrect (see ¶ 14.32).
 - ☐ The serial number of this application (or the number of the patent in reexam or reissue cases being disclaimed is missing or incorrect (see ¶ ¶ 14.26, 14.27.02 or 14.26.05).
 - ☐ The period disclaimed is incorrect or not specified (see ¶ ¶ 14.26, 14.27.02 or 14.26.03).
 - ☐ Other:
 - ☐ Suggestion to request refund (see ¶ 14.36). NOTE: If already authorized, credit refund to deposit account and **do not** check this item.

I have appropriately notified applicant(s) of the status of the Terminal Disclaimer filed in this case.

Sir:

CURITEL COMMUNICATIONS INC., the Assignee of record of the
entire right, title and interest in and to the above-identified application by virtue of an
Assignment recorded on November 9, 2000, at Reel 011247, Frame 0458, an Assignment
recorded on August 18, 2003, at Reel 014386, Frame 0905, and an Assignment recorded
on April 5, 2004, at Reel 015185, Frame 0457, for Patent Application Serial No.

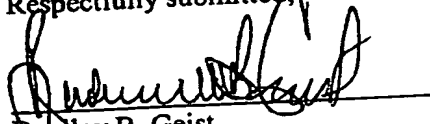

09/564,961, now United States Patent No. 6,741,868,¹ hereby waives and disclaims the terminal portion of the term of any patent to be granted on the above-identified application subsequent to the expiration date of United States Patent No. 6,741,868, whereby any patent to be granted on the above-identified application and United States Patent No. 6,741,868 will expire on the same day, provided any patent granted on the above-identified application shall be enforceable only for and during such period that said patent is commonly owned with United States Patent No. 6,741,868.

CURITEL COMMUNICATIONS INC., the Assignee of record of the entire right, title and interest in and to the above-identified application, and the Assignee of record of Application Serial No. 10/825,281 and Application Serial No. 10/824,908,² hereby further waives and disclaims the terminal portion of the term of any patent to be granted on the above-identified application subsequent to the expiration date of any patent granted on Application Serial No. 10/825,281 or Application Serial No. 10/824,908, whereby any patent to be granted on the above-identified application and Application Serial No. 10/825,281 or Application Serial No. 10/824,908 will expire on the same day, provided any patent granted on the above-identified application shall be enforceable only for and during such period that said patent is commonly owned with any patent granted on Application Serial No. 10/825,281 or Application Serial No. 10/824,908.

¹ The above-identified application was filed on April 15, 2004 and is a continuation of Patent Application Serial No. 09/564,961, now U.S. Patent No. 6,741,868. Because the Assignment to Curitel of Application Serial No. 09/564,961 was recorded on April 5, 2004, such Assignment also applies to the above-identified application. See MPEP § 306 (8th ed., 3rd rev. 2004).

² Application Ser. No. 10/825,281 and Application Serial No. 10/824,908 are both continuations of Application Serial No. 09/564,961, now U.S. Patent No. 6,741,868, and were both filed on April 15, 2004. Because the Assignment to Curitel of Application Serial No. 09/564,961 was recorded on April 5, 2004, such Assignment also applies to Application Ser. No. 10/825,281 and Application Serial No. 10/824,908.

Respectfully submitted,

Bradley B. Geist
